NOCSSM has trained hundreds of churches across the nation through it's Church Security Conferences. Formerly Gatekeepers Alliance, LLC , NOCSSM is an organization made up of hundreds of churches from all areas of America, both large and small.

THREE STRANDS CHURCH SECURITY

"Criminals come in all forms; Sexual predators who prey on both children and adults, criminals that would rob, thieves who would steal in the dead of the night or in broad daylight, and conmen who prey on the trusting. All of these criminals are attracted to the seemingly low risk environment of churches."

Speakers

Chuck Chadwick

The nation's leading church security authority and former Director of Security for Fellowship Church, Grapevine, TX, one of the largest and fastest growing churches in America (nearly 20,000 attendees per weekend, four campuses, in four cities). Graduate of the elite Executive Security International and former Vice President of Heritage Galleries.

Chuck's 25 years of security experience and his founding of the national organization "Gatekeepers Alliance, LLC" (now NOCSSM) helps him guide churches, both large and small, in addressing church specific security concerns. His companies provide security management services to

The National Organization of Church Security & Safety Management (NOCSSM) was formed in 2002 as an informal discussion group for the Security Directors of some of the nation's largest churches. Chuck Chadwick realized that most churches had no training in security and safety issues and formed a vision of an organization whose primary purpose is to help churches with these issues.

NOCSSM is a church specific security education and training organization whose members share the common goal of keeping staff, congregations, property and other assets secure and safe. Member churches and organizations have access to resources of policies and procedures.

Our founding scripture - *Chronicles 9:21*

And later Zechariah son of Meshelemiah had been responsible for guarding the entrance of the tabernacle. In all, there were 212 gatekeepers in those days, and they were listed by genealogies in their villages. David and Samuel the seer had appointed their ancestors because they were reliable men. These gatekeepers and their descendants, by their divisions, were responsible for guarding the entrance to the house of the LORD, the house that was formerly a tent. The gatekeepers were stationed on all four sides—east, west, north, and south.

How to register

Registration is required to attend this event. Cost for the seminar includes refreshments and lunch. There are a limited number of seats available. For more information please contact Nathan Parr at 254-939-0705, or nathan.parr@fbcbelton.org.
